AUDITORS' REPORT

North Hampton, N. H., Feb. 7, 1924

We, the undersigned, having examined the books and accounts of the Treasurer of Trust Funds, certify them correct with proper vouchers.

EDWARD M. SMITH,
CLIFFORD S. DRAKE,

Report of Library Trustees

North Hampton, N. H., Feb. 7, 1924

During the past year we have purchased 59 new books, of which 42 were fiction. The library now contains about 2700 volumes, of which about 1540 are fiction. The reading room has been provided with the following magazines—Harpers, St.Nicholas, Scribners and Century.

We are now able to report that the grading of the library grounds has been completed and the stone bearing the Memorial tablets has been erected after a long series of annoying delays. We feel that a portion of our "miscellaneous" item in the budget should be used for the proper care of the grounds in front of the library building.

The trustees welcome any suggestions from the patrons of the library regarding selection of books or plans looking toward improvement of our library service.

The library expenses for the past year were as follows:

Salary of Librarian.....	\$100.00
New books.....	157.94
Magazines	21.00
Lighting	15.30
Grading and repairs.....	109.12
Miscellaneous	13.87

\$417.23

We estimate the expenses for the coming year as follows:

Salary of librarian.....	\$100.00
New books.....	200.00
Magazines	25.00
Fuel and lighting.....	75.00
Miscellaneous	13.87

\$550.00

We therefore recommend that the above account of \$550 be appropriated for library purposes during the coming year.

AUDITORS REPORT

North Hampton, N. H., January 31, 1924.

We certify that we have this day examined the foregoing accounts of the Treasurer of the School District and find them correctly cast and properly vouched.

JAMES F. LEAVITT,
FRED L. DOW,
Auditors.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of North Hampton:

I hereby submit to you my first annual report as superintendent of your public schools. But six months having elapsed since I assumed office the report of necessity will be brief with merely a statement of the local situation as I see it with several recommendations and suggestions relating thereto.

THE SITUATION

Two outstanding features characterize the North Hampton schools: the excellent quality of class instruction and the general unkempt condition of the Centre building. The classes are well graded and the teachers of special ability. Effort is now being directed towards more drill in the fundamental subjects, a firmer control, and strengthening of organization at the Centre. The building shows an improvement through the united effort of all concerned.

ATTENDANCE

We are working for improvement in attendance. In regularity the schools stood high last year, attaining a percent of 94, 1 above the average for the state, for the same period. There were 208 cases of tardiness among an average of 79 pupils. This is at least three times the number that should be expected. Being late is one of the most pernicious habits formed in childhood. Every effort should be made to prevent it and correct it when formed. The school can do its part but only its part; the parent must do the rest. Let me ask the fullest co-operation in bringing about a change in this respect.

HEALTH

Schools today stand firmly for the promotion of health as well as the correction of defects when found. Sanitary buildings, healthful exercise, milk service and

systematic inspection, are all essential. The school physician made his inspection in November. The following were found and reported:

Malnutrition	21
Defective vision	10
Cardiac disease	1
Orthopedic defects	3
Defective teeth	55
Enlarged tonsils	39
Unvaccinated	33

We earnestly hope parents concerned will do everything possible to have these matters corrected. An inspection without further attention at home is of little value. To assist further I would suggest a dental clinic; and some day the services of a nurse.

SCHOLARSHIP OF ROLL OF HONOR

In the Statistics at the end of the report are names of pupils who have attained a rating of "A" in a majority of their subjects plus "A" in effort or application. The names of such pupils hereafter will constitute a Scholarship Roll of Honor. This distinction is intended to serve as an added incentive to faithful effort and successful work.

IN CONCLUSION

In the crowded hours of the past half year our attention has been directed chiefly to the accomplishment of two aims: to create among pupils conditions of body and mind favorable to instruction, and to organize the work and equipment of the schools according to accepted standards. In both these endeavors we have received from board and teachers the heartiest co-operation. The right attitude of mind and definite standards of conduct have been sought among pupils, and a well organized management on the part of teachers; both absolutely essential before the desired progress in

school work can be expected. In conclusion I would recommend the following for immediate consideration:

Renovation of basement in the Centre building.

Further equipment for lunch service.

A full meeting of the Board at least once a term.

The use of the standard financial account book.

Respectfully submitted,

H. L. MOORE, SUP'T.

Hampton, N. H. February 12, 1924.
